**Cryptic
Quests**

Cryptic Quests are fun, entertaining outdoor mini adventures. Using your GPS enabled smartphone, you'll be immersed in a humorous story line as you partner with the story's character to solve a mystery by finding and unlocking clues.

Each family friendly quest is self-guided and takes place in a specific outdoor area such as a park or other public area. If you enjoy geocaching, scavenger hunts, escape rooms, or solving mysteries, you'll love Cryptic Quests! You can play alone, with a friend, or even with the whole family!
